

Akambo Future Leaders Fund (Class A)

Product Disclosure Statement

ARSN 683 181 268
APIR ETL2400AU
Issue Date 16 May 2025

About this PDS

This Product Disclosure Statement ("PDS") has been prepared and issued by Equity Trustees Limited ("Equity Trustees", "we" or "Responsible Entity") and is a summary of the significant information relating to an investment in the Akambo Future Leaders Fund (Class A) (the "Fund"). It contains a number of references to important information (including a glossary of terms) contained in the Akambo Future Leaders Fund (Class A) Reference Guide ("Reference Guide"), each of which forms part of this PDS. You should carefully read and consider both the information in this PDS, and the information in the Reference Guide, before making a decision about investing in the Fund.

The information provided in this PDS is general information only and does not take account of your personal objectives, financial situation or needs. You should obtain financial and taxation advice tailored to your personal circumstances and consider whether investing in the Fund is appropriate for you in light of those circumstances.

The offer to which this PDS relates is only available to persons receiving this PDS (electronically or otherwise) in Australia.

This PDS does not constitute a direct or indirect offer of securities in the US or to any US Person as defined in Regulation S under the Securities Act of 1933 as amended ("US Securities Act"). Equity Trustees may vary this position and offers may be accepted on merit at Equity Trustees' discretion. The units in the Fund have not been, and will not be, registered under the US Securities Act unless otherwise approved by Equity Trustees and may not be offered or sold in the US to, or for, the account of any US Person (as defined in the Reference Guide) except in a transaction that is exempt from the registration requirements of the US Securities Act and applicable US state securities laws.

1. About Equity Trustees Limited

The Responsible Entity

Equity Trustees Limited

Equity Trustees Limited ABN 46 004 031 298 AFSL 240975, a subsidiary of EQT Holdings Limited ABN 22 607 797 615, which is a public company listed on the Australian Securities Exchange (ASX: EQT), is the Fund's responsible entity and issuer of this PDS. Established as a trustee and executorial service provider by a special Act of the Victorian Parliament in 1888, today Equity Trustees is a dynamic financial services institution which continues to grow the breadth and quality of products and services on offer.

Equity Trustees' responsibilities and obligations as the Fund's responsible entity are governed by the Fund's constitution ("Constitution"), the Corporations Act and general trust law. Equity Trustees has appointed Akambo Pty Ltd ("Investment Manager" or "Akambo Investment Management") as the investment manager of the Fund. Equity Trustees has appointed a custodian to hold the assets of the Fund. The custodian has no supervisory role in relation to the operation of the Fund and is not responsible for protecting your interests.

The Investment Manager

Akambo Investment Management is an investment management and wealth advisory business, which manages over \$4 billion for retail, wholesale, and not-for-profit entities. Founded in 2007, Akambo Investment Management is majority owned and operated by staff, with a consistent track record of delivering strong risk-adjusted returns across a range of domestic and international asset classes. Foremost in the philosophy of Akambo Investment Management is the protection of capital and the management of risk, which is driven by a strong focus on robust investment management processes and systems.

2. How the Akambo Future Leaders Fund (Class A) works

The Fund is a registered managed investment scheme governed by the Constitution. The Fund comprises assets which are acquired in accordance with the Fund's investment strategy. Direct investors receive units in the Fund when they invest. In general, each unit represents an equal interest in the assets of the Fund subject to liabilities; however, it does not give investors an interest in any particular asset of the Fund.

If you invest in the Fund through an IDPS (as defined in the Reference Guide) you will not become an investor in the Fund. The operator or custodian of the IDPS will be the investor entered in the Fund's register and will be the only person who is able to exercise the rights and receive the benefits of a direct investor. Your investment in the Fund through the IDPS will be governed by the terms of your IDPS. Please direct any queries and requests relating to your investment to your IDPS Operator. Unless otherwise stated, the information in the PDS applies to direct investors.

Applying for units

You can acquire units by completing the Application Form that accompanies this PDS. The minimum initial investment amount for the Fund is \$10,000 (unless otherwise determined by the Responsible Entity).

Completed Application Forms should be sent along with your identification documents (if applicable) to:

Akambo Investment Management Registry
Apex Fund Services Pty Ltd
Unit Registry
GPO Box 4968 Sydney NSW 2001
registry@apexgroup.com

Please note that cash and cheques cannot be accepted.

We reserve the right to accept or reject applications in whole or in part at our discretion. We have the discretion to delay processing applications where we believe this to be in the best interest of the Fund's investors.

The price at which units are acquired is determined in accordance with the Constitution ("Application Price"). The Application Price on a Business Day is, in general terms, equal to the Net Asset Value ("NAV") of the Fund, divided by the number of units on issue and adjusted for transaction costs ("Buy Spread"). At the date of this PDS, the Buy Spread is 0.25%.

No interest is earned on application monies.

Fractions of units may be issued by Equity Trustees in accordance with the provisions of the Constitution.

The Application Price will vary as the market value of assets in the Fund rises or falls.

Making additional investments

You can make additional investments into the Fund by reinvesting distributions (see below) or making an additional investment into the Fund at any time by sending us your additional investment amount together with a completed Application Form. The minimum additional investment into the Fund is \$5,000 (unless otherwise determined by the Responsible Entity).

Distributions

An investor's share of any distributable income is calculated in accordance with the Constitution and is generally based on the number of units held by the investor at the end of the distribution period.

The Fund usually distributes income annually at the end of June, however, Equity Trustees may change the distribution frequency without notice. Distributions are calculated effective the last day of each distribution period and are normally paid to investors as soon as practicable after the distribution calculation date.

Investors in the Fund can indicate a preference to have their distribution:

- reinvested back into the Fund; or
- directly credited to their AUD Australian domiciled bank account.

Investors who do not indicate a preference will have their distributions automatically reinvested. Applications for reinvestment will be taken to be received immediately prior to the next Business Day after the relevant distribution period. There is no Buy Spread on distributions that are reinvested.

In some circumstances, the Constitution may allow for an investor's withdrawal proceeds to be taken to include a component of distributable income.

Indirect Investors (as defined in the Reference Guide) should review their IDPS Guide for information on how and when they receive any income distribution.

Access to your money

Investors in the Fund can generally withdraw their investment by completing a written request to withdraw from the Fund and mailing it to:

Akambo Investment Management Registry
Apex Fund Services Pty Ltd
Unit Registry
GPO Box 4968 Sydney NSW 2001
registry@apexgroup.com

The minimum withdrawal amount is \$5,000 (unless otherwise determined by the Responsible Entity). Once we receive and accept your withdrawal request, we may act on your instruction without further enquiry if the instruction bears your account number or investor details and your (apparent) signature(s), or your authorised signatory's (apparent) signature(s).

Equity Trustees will generally allow an investor to access their investment within 7 days of acceptance of a withdrawal request by transferring the withdrawal proceeds to such investor's nominated AUD denominated Australian domiciled bank account. However, Equity Trustees is allowed to reject withdrawal requests, and also to make payment up to 21 days after acceptance of a request (which may be extended in certain circumstances) as outlined in the Constitution and Reference Guide.

We reserve the right to accept or reject withdrawal requests in whole or in part at our discretion.

The price at which units are withdrawn is determined in accordance with the Constitution ("Withdrawal Price"). The Withdrawal Price on a Business Day is, in general terms, equal to the NAV of the Fund, divided by the number of units on issue and adjusted for transaction costs ("Sell Spread"). At the date of this PDS, the Sell Spread is 0.25%.

The Withdrawal Price will vary as the market value of assets in the Fund rises or falls.

Equity Trustees reserves the right to fully redeem your investment if your investment balance in the Fund falls below \$10,000 as a result of processing your withdrawal request. In certain circumstances, for example, when there is a freeze on withdrawals, where accepting a withdrawal is not in the best interests of investors in the Fund including due to one or more circumstances outside its control or where the Fund is not liquid (as defined in the Corporations Act), Equity Trustees can deny or suspend a withdrawal request and you may not be able to withdraw your funds in the usual processing times or at all. When the Fund is not liquid, an investor can only withdraw when Equity Trustees makes a withdrawal offer to investors in accordance with the Corporations Act. Equity Trustees is not obliged to make such offers.

If you are an Indirect Investor, you need to provide your withdrawal request directly to your IDPS Operator. The time to process a withdrawal request will depend on the particular IDPS Operator and the terms of the IDPS.

Unit pricing discretions policy

Equity Trustees has developed a formal written policy in relation to the guidelines and relevant factors taken into account when exercising any discretion in calculating unit prices (including determining the value of the assets and liabilities). A copy of the policy and, where applicable and to the extent required, any other relevant documents in relation to the policy will be made available free of charge on request.

Additional information

If and when the Fund has 100 or more direct investors, it will be classified by the Corporations Act as a 'disclosing entity'. As a disclosing entity, the Fund will be subject to regular reporting and disclosure obligations. Investors would then have a right to obtain a copy, free of charge, of any of the following documents:

- the most recent annual financial report lodged with ASIC ("Annual Report");
- any subsequent half yearly financial report lodged with ASIC after the lodgement of the Annual Report; and
- any continuous disclosure notices lodged with ASIC after the Annual Report but before the date of this PDS.

Equity Trustees will comply with any continuous disclosure obligation by lodging documents with ASIC as and when required.

Copies of these documents lodged with ASIC in relation to the Fund may be obtained from ASIC through ASIC's website.

Further reading

You should read the important information in the Reference Guide about:

- Application cut-off times;
- Application terms;
- Authorised signatories;
- Reports;
- Withdrawal cut-off times;
- Withdrawal terms; and
- Withdrawal restrictions,

under the "Investing in the Akambo Future Leaders Fund (Class A)", "Managing your investment" and "Withdrawing your investment" sections before making a decision. Go to the Reference Guide which is available at www.eqt.com.au/insto. The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

3. Benefits of investing in the Akambo Future Leaders Fund

Significant features

- Exposure to Australian smaller companies. Smaller companies are defined as those generally outside the S&P/ASX 100 (or large capitalisation) index.
- Smaller companies can offer higher growth and therefore greater share price appreciation than large capitalisation stocks as they are in their early stages. Many offer products and services new to market led by their founders. Indeed many large cap (S&P/ASX 100) stocks start life as a small company, hence we refer to our fund as the Future Leaders Fund.
- Investing in smaller companies offers diversification away from the S&P/ASX 100 Index which may be dominated by large banks and iron ore miners.

Significant benefits

- The Investment Manager has been operating the strategy for over eight years. The strategy is now being offered as a registered managed investment scheme.
- Smaller companies are typically under-researched but are prone to significant volatility and speculation. This suits active management, particularly a Growth at Reasonable Price ("GARP") manager like Akambo Investment Management. The Investment Manager's GARP philosophy encompasses many factors but in particular means they typically seek to buy profitable companies and with a price /earnings ratio ("P/E") below 35x their forecast two year forward earnings estimate.
- The Investment Manager conducts their own fundamental research and modelling. This means that the portfolio rarely contains "market darlings". The Investment Manager seeks significant opportunities away from the spotlight. This enables them to construct a high conviction fund with typically 20 to 35 stocks.

4. Risks of managed investment schemes

All investments carry risks. Different investment strategies may carry different levels of risk, depending on the assets acquired under the strategy. Assets with the highest long-term returns may also carry the highest level of short-term risk. The significant risks below should be considered in light of your risk profile when deciding whether to invest in the Fund. Your risk profile will vary depending on a range of factors, including your age, the investment time frame (how long you wish to invest for), your other investments or assets and your risk tolerance.

The Responsible Entity and the Investment Manager do not guarantee the liquidity of the Fund's investments, repayment of capital or any rate of return or the Fund's investment performance. The value of the Fund's investments will vary. Returns are not guaranteed, and you may lose money by investing in the Fund. The level of returns will vary and future returns may differ from past returns. Laws affecting managed investment schemes may change in the future. The structure and administration of the Fund is also subject to change.

In addition, we do not offer advice that takes into account your personal financial situation, including advice about whether the Fund is suitable for your circumstances. If you require personal financial or taxation advice, you should contact a licensed financial adviser and/or taxation adviser.

Market Risk

Investment returns are influenced by broad market factors. These factors may include changes in economic, social, technological or political, fiscal and monetary conditions, as well as general sentiment. Such causes would include change of governments and/or regulators and their policies, civil unrest, wars, terrorism, pandemics and natural, nuclear and environmental disasters. The potential impacts of such events can be highly unpredictable and usually create periods of heightened volatility in markets in which case the value of the securities held by, and the NAV of the Fund will likely decline in value.

Equity risk

Individual investments made by the Fund will fluctuate in value, meaning that the price may go up or down. A company's share price will fluctuate due to a number of reasons including changes in equity market conditions or its financial, management or operating circumstances, and may also face broader influences such as political and industry changes.

Concentration risk

The Fund typically contains 20-35 stocks which represents a relatively high investment concentration. The lower the number of investments, the higher the concentration and, in turn, the higher the potential volatility. A more diverse investment portfolio will have lower risk than a concentrated portfolio.

Further reading

You should read the important information in the Reference Guide under the "Additional risks of managed investment schemes" section before making a decision. Go to the Reference Guide which is available at www.eqt.com.au/insto. The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

5. How we invest your money

Warning: When choosing to invest in the Fund or an option of the Fund, you should consider the likely investment returns, the risks of investing and your investment time frame.

Investment objective

To achieve returns in excess of the Benchmark (defined below) (after management fees and costs) over a suggested minimum timeframe of 5 years.

Please note the investment objective is not intended to be a forecast. It is merely an indication of what the Fund aims to achieve over the medium to long term on the assumption that equity markets remain relatively stable throughout the investment term. The Fund may not be successful in meeting this objective. Capital, income and returns are not guaranteed.

Benchmark

S&P/ASX Small Ordinaries Accumulation Index.

Minimum suggested time frame

5 years

Risk level

High

Investor suitability

The Fund is suitable for medium to long term retail, wholesale and not-for-profit investors seeking exposure to a high conviction portfolio of small capitalisation Australian equity investments that would complement existing investments across other asset classes.

Investment style and approach

The Fund is a long only equities fund that provides exposure to Australian smaller capitalisation listed companies. The portfolio is actively managed typically investing in 20-35 securities primarily outside of the S&P/ASX 100 Index.

The strategy is managed on a GARP (Growth At Reasonable Price) style basis. The Investment Manager searches for companies that offer earnings growth above market levels but at a reasonable price and with a clear understanding/assessment of the risks involved.

Asset allocation

The portfolio aim is to hold 50-100% of Australian shares or securities and 0-50% cash. The Fund can hold ASX listed or to be listed Exchange Traded Funds ("ETFs") and Exchange Traded Products ("ETPs"); and Cash including equivalent ETFs and ETPs. The Fund does not invest in derivatives.

Changing the investment strategy

The investment strategy, style and approach and asset allocation parameters may be changed at any time. If a change is to be made, investors in the Fund will be notified as and when required in accordance with the Corporations Act.

Labour Standards, Environmental, Social and Ethical Factors ("ESG considerations")

The Fund is not designed for investors who have specific ESG considerations or goals. The integration of ESG considerations into the investment process described below does not imply that the Fund is marketed or authorised as an ESG product in Australia.

Equity Trustees has delegated the investment function (including ESG considerations) to the Investment Manager. The Investment Manager integrates certain ESG considerations in the selection, retention and realisation of Fund assets, to the extent that the Investment Manager considers those factors may have a material and quantifiable impact on the investment performance.

Fund performance

Up to date information on the performance of the Fund can be obtained from Akambo Investment Management on +61 3 9602 3233, visiting www.akambofg.com, emailing investments@akambofg.com or by calling the Responsible Entity on +61 3 8623 5000. Past performance is not a reliable guide to future performance.

Further reading

You should read the important information about investment style and approach and ESG considerations in the Reference Guide under the "How we invest your money" section before making a decision. Go to the Reference Guide which is available at www.eqt.com.au/insto. The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

6. Fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the Fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) Moneysmart website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

The information in the following Fees and Costs Summary can be used to compare costs between different simple managed investment schemes. Fees and costs can be paid directly from an investor's account or deducted from investment returns. For information on tax please see Section 7 of this PDS.

Fees and Costs Summary

Akambo Future Leaders Fund (Class A)		
Type of fee or cost	Amount	How and when paid
Ongoing annual fees and costs¹		
<i>Management fees and costs</i> The fees and costs for managing your investment ²	0.42% p.a. of the NAV of the Fund ³	The management fees component of management fees and costs are accrued daily and paid from the Fund monthly in arrears and reflected in the unit price. Otherwise, the fees and costs are variable and deducted and reflected in the unit price of the Fund as they are incurred.
<i>Performance fees</i> Amounts deducted from your investment in relation to the performance of the product	0.08% p.a. of the NAV of the Fund ⁴	Performance fees at the Fund level are calculated daily and paid annually in arrears from the Fund and reflected in the unit price. Performance fees at the interposed vehicle level are reflected in the value of the Fund's investment in the relevant interposed vehicle, and therefore reflected in the unit price.
<i>Transaction costs</i> The costs incurred by the scheme when buying or selling assets	0.00% p.a. of the NAV of the Fund ³	Transaction costs are variable and deducted from the Fund as they are incurred and reflected in the unit price. They are disclosed net of amounts recovered by the buy-sell spread. Any transaction costs at the interposed vehicle level are reflected in the value of the Fund's investment in the relevant interposed vehicle, and therefore reflected in the unit price.
Member activity related fees and costs (fees for services or when your money moves in or out of the scheme)		
<i>Establishment fee</i> The fee to open your investment	Not applicable	Not applicable
<i>Contribution fee</i> The fee on each amount contributed to your investment	Not applicable	Not applicable

Akambo Future Leaders Fund (Class A)		
Type of fee or cost	Amount	How and when paid
<i>Buy-sell spread</i> An amount deducted from your investment representing costs incurred in transactions by the scheme	0.25% upon entry and 0.25% upon exit	These costs are an additional cost to the investor but are incorporated into the unit price and arise when investing application monies and funding withdrawals from the Fund and are not separately charged to the investor. The Buy Spread is paid into the Fund as part of an application and the Sell Spread is left in the Fund as part of a redemption.
<i>Withdrawal fee</i> The fee on each amount you take out of your investment	Not applicable	Not applicable
<i>Exit fee</i> The fee to close your investment	Not applicable	Not applicable
<i>Switching fee</i> The fee for changing investment options	Not applicable	Not applicable

¹ All fees quoted above are inclusive of Goods and Services Tax ("GST") and net of any Reduced Input Tax Credits ("RITC"). See below for more details as to how the relevant fees and costs are calculated.

² The management fee component of management fees and costs can be negotiated. See "Differential fees" in the "Additional Explanation of Fees and Costs" below.

³ The indirect costs component of management fees and costs and transaction costs is based on a reasonable estimate of the costs for the current financial year to date, adjusted to reflect a 12 month period. Please see "Additional Explanation of Fees and Costs" below.

⁴ This represents the performance fee of the Fund which is payable as an expense of the Fund to the Investment Manager. The performance fee is calculated by reference to a reasonable estimate of the performance fee for the current financial year, adjusted to reflect a 12-month period. See "Performance fees" below for more information.

Additional Explanation of Fees and Costs

Management fees and costs

The management fees and costs include amounts payable for administering and operating the Fund, investing the assets of the Fund, expenses and reimbursements in relation to the Fund and indirect costs if applicable.

Management fees and costs do not include performance fees or transaction costs, which are disclosed separately.

The management fees component of management fees and costs of 0.41% p.a. of the NAV of the Fund is payable to the Responsible Entity of the Fund for managing the assets and overseeing the operations of the Fund. The management fees component is accrued daily and paid from the Fund monthly in arrears and reflected in the unit price. As at the date of this PDS, the management fees component covers certain ordinary expenses such as Responsible Entity fees, investment management fees, custodian fees, and administration and audit fees.

The indirect costs and other expenses component of 0.01% p.a. of the NAV of the Fund may include other ordinary expenses of operating the Fund, as well as management fees and costs (if any) arising from interposed vehicles in or through which the Fund invests. The indirect costs and other expenses component is variable and reflected in the unit price of the Fund as the relevant fees and costs are incurred. They are borne by investors, but they are not paid to the Responsible Entity or Investment Manager. The indirect costs and other expenses component is based on a reasonable estimate of the costs for the current financial year to date, adjusted to reflect a 12 month period.

In relation to the indirect costs that have been estimated, they have been estimated on the basis of information that has been provided by an interposed vehicle and adjusted for our calculations.

Actual indirect costs for the current and future years may differ. If in future there is an increase to indirect costs disclosed in this PDS, updates will be provided on Equity Trustees' website at www.eqt.com.au/insto where they are not otherwise required to be disclosed to investors under law.

Performance fees

Performance fees include amounts that are calculated by reference to the performance of the Fund, as well as the performance of interposed vehicles through which the Fund invests. The performance fees for the Fund are 0.08% p.a. of the NAV of the Fund. The performance fee figure that is disclosed in the Fees and Costs Summary is by reference to a reasonable estimate of the performance fee for the current financial year, adjusted to reflect a 12-month period.

In relation to the performance fees that have been estimated, they have been estimated on the basis of the expected seeding investments.

In terms of the performance fees payable to the Investment Manager, a performance fee is payable where the investment performance of the Fund exceeds the performance of the Benchmark. The Investment Manager is entitled to a performance fee of 15% where the investment performance of the Fund (after management fees and costs) exceeds the performance of the Benchmark. This fee is calculated daily and paid annually in arrears with a daily high watermark. This means no performance fees are payable until any accrued underperformance (in dollar terms) against the Benchmark from prior periods has been eliminated.

In the event that there is a redemption from the Fund at a time when any accrued underperformance exists, the amount of underperformance will be reduced by the percentage of the NAV of the Fund that the relevant redemption represents.

Please note that the performance fees disclosed in the Fees and Costs Summary is not a forecast as the actual performance fee for the current and future financial years may differ. The Responsible Entity cannot guarantee that performance fees will remain at their previous level or that the performance of the Fund will outperform the Benchmark.

It is not possible to estimate the actual performance fee payable in any given period, as we cannot forecast what the performance of the Fund will be. Information on current performance fees will be updated from time to time and available at www.eqt.com.au/insto.

Transaction costs

In managing the assets of the Fund, the Fund may incur transaction costs such as brokerage, buy-sell spreads in respect of the underlying investments of the Fund, settlement costs, clearing costs and applicable stamp duty when assets are bought and sold. Transaction costs also include costs incurred by interposed vehicles in which the Fund invests (if any), that would have been transaction costs if they had been incurred by the Fund itself. Transaction costs are an additional cost to the investor where they are not recovered by the Buy/Sell Spread, and are generally incurred when the assets of the Fund are changed in connection with day-to-day trading or when there are applications or withdrawals which cause net cash flows into or out of the Fund.

The Buy/Sell Spread that is disclosed in the Fees and Costs Summary is a reasonable estimate of transaction costs that the Fund will incur when buying or selling assets of the Fund. These costs are an additional cost to the investor but are incorporated into the unit price and arise when investing application monies and funding withdrawals from the Fund and are not separately charged to the investor. The Buy Spread is paid into the Fund as part of an application and the Sell Spread is left in the Fund as part of a redemption and not paid to Equity Trustees or the Investment Manager. The estimated Buy/Sell Spread is 0.25% upon entry and 0.25% upon exit. The dollar value of these costs based on an application or a withdrawal of \$10,000 (unless otherwise determined by the Responsible Entity) is \$25 for each individual transaction. The Buy/Sell Spread can be altered by the Responsible Entity at any time and www.eqt.com.au/insto will be updated as soon as practicable to reflect any change. The Responsible Entity may also waive the Buy/Sell Spread in part or in full at its discretion. The transaction costs figure in the Fees and Costs Summary is shown net of any amount recovered by the Buy/Sell Spread charged by the Responsible Entity.

Transaction costs generally arise through the day-to-day trading of the Fund's assets and are reflected in the Fund's unit price as an additional cost to the investor, as and when they are incurred.

The gross transaction costs for the Fund are 0.08% p.a. of the NAV of the Fund, which is based on a reasonable estimate of the costs for the current financial year to date, adjusted to reflect a 12 month period.

In relation to the costs that have been estimated, they have been estimated on the basis of annualised figures based on the actuals to date adjusted for one-off/non-recurring events.

However, actual transaction costs for future years may differ.

Can the fees change?

Yes, all fees can change without investor consent, subject to the maximum fee amounts specified in the Constitution. The current maximum management fee to which Equity Trustees is entitled is 2.00% of the GAV of the Fund. However, Equity Trustees does not intend to charge that amount and will generally provide investors with at least 30 days' notice of any proposed increase to the management fees component of management fees and costs. In most circumstances, the Constitution defines the maximum level that can be charged for fees described in this PDS. Equity Trustees also has the right to recover all reasonable expenses incurred in relation to the proper performance of its duties in managing the Fund and as such these expenses may increase or decrease accordingly, without notice.

Payments to IDPS Operators

Subject to the law, annual payments may be made to some IDPS Operators because they offer the Fund on their investment menus. Product access is paid by the Investment Manager out of its investment management fee and is not an additional cost to the investor.

Differential fees

The Investment Manager may from time to time negotiate a different fee arrangement (by way of a rebate or waiver of fees) with certain investors who are Australian Wholesale Clients. Please contact the Investment Manager on +61 3 9602 3233 for further information.

Example of annual fees and costs for an investment option

This table gives an example of how the ongoing annual fees and costs in the investment option for this product can affect your investment over a 1-year period. You should use this table to compare this product with other products offered by managed investment schemes.

EXAMPLE – Akambo Future Leaders Fund (Class A)		
BALANCE OF \$50,000 WITH A CONTRIBUTION OF \$5,000 DURING THE YEAR		
Contribution Fees	Nil	For every additional \$5,000 you put in, you will be charged \$0
Plus Management fees and costs	0.42% p.a.	And, for every \$50,000 you have in the Akambo Future Leaders Fund (Class A) you will be charged or have deducted from your investment \$210 each year
Plus Performance fees	0.08% p.a.	And, you will be charged or have deducted from your investment \$40 in performance fees each year
Plus Transaction costs	0.00% p.a.	And, you will be charged or have deducted from your investment \$0 in transaction costs
Equals Cost of Akambo Future Leaders Fund (Class A)		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of: \$250* What it costs you will depend on the investment option you choose and the fees you negotiate.

* Additional fees may apply. Please note that this example does not capture all the fees and costs that may apply to you such as the Buy/Sell Spread.

This example assumes the \$5,000 contribution occurs at the end of the first year, therefore the fees and costs are calculated using the \$50,000 balance only.

Warning: If you have consulted a financial adviser, you may pay additional fees. You should refer to the Statement of Advice or Financial Services Guide provided by your financial adviser in which details of the fees are set out.

ASIC provides a fee calculator on www.moneysmart.gov.au, which you may use to calculate the effects of fees and costs on account balances. The performance fees stated in this table is calculated by reference to a reasonable estimate of the performance fee for the current financial year, adjusted to reflect a 12-month period. The performance of the Fund for this financial year, and the performance fees, may be higher or lower or not payable in the future. It is not a forecast of the performance of the Fund or the amount of the performance fees in the future.

The indirect costs and other expenses component of management fees and costs and transaction costs may also be based on estimates. As a result, the total fees and costs that you are charged may differ from the figures shown in the table.

Further reading

You should read the important information in the Reference Guide about fees and costs under the “Additional information on fees and costs” section before making a decision. Go to the Reference Guide which is available at www.eqt.com.au/insto . The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

7. How managed investment schemes are taxed

Warning: Investing in a registered managed investment scheme (such as the Fund) is likely to have tax consequences. You are strongly advised to seek your own professional tax advice about the applicable Australian tax (including income tax, GST and duty) consequences and, if appropriate, foreign tax consequences which may apply to you based on your particular circumstances before investing in the Fund.

The Fund is an Australian resident for tax purposes and does not generally pay tax on behalf of its investors. Australian resident investors are assessed for tax on any income and capital gains generated by the Fund to which they become presently entitled or, where the Fund has made a choice to be an Attribution Managed Investment Trust (“AMIT”) and the choice is effective for the income year, are attributed to them.

Further reading

You should read the important information in the Reference Guide about Taxation under the “Other important information” section before making a decision. Go to the Reference Guide which is available at www.eqt.com.au/insto . The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

8. How to apply

To invest please complete the Application Form accompanying this PDS, send funds (see details in the Application Form) and your completed Application Form to:

Akambo Investment Management Registry
Apex Fund Services Pty Ltd
Unit Registry
GPO Box 4968 Sydney NSW 2001
registry@apexgroup.com

Please note that cash and cheques cannot be accepted and all applications must be made in Australian dollars.

Who can invest?

Eligible persons (as detailed in the ‘About this PDS’ section) can invest, however individual investors must be 18 years of age or over. Investors investing through an IDPS should use the application form provided by their IDPS Operator.

Cooling off period

If you are a Retail Client who has invested directly in the Fund, you may have a right to a ‘cooling off’ period in relation to your investment in the Fund for 14 days from the earlier of:

- confirmation of the investment being received; and
- the end of the fifth business day after the units are issued.

A Retail Client may exercise this right by notifying Equity Trustees in writing. A Retail Client is entitled to a refund of their investment adjusted for any increase or decrease in the relevant Application Price between the time we process your application and the time we receive the notification from you, as well as any other tax and other reasonable administrative expenses and transaction costs associated with the acquisition and termination of the investment.

The right of a Retail Client to cool off does not apply in certain limited situations, such as if the issue is made under a distribution reinvestment plan, switching facility or represents additional contributions required under an existing agreement. Also, the right to cool off does not apply to you if you choose to exercise your rights or powers as a unit holder in the Fund during the 14 day period. This could include selling part of your investment or switching it to another product.

Indirect Investors should seek advice from their IDPS Operator as to whether cooling off rights apply to an investment in the Fund by the IDPS. The right to cool off in relation to the Fund is not directly available to an Indirect Investor. This is because an Indirect Investor does not acquire the rights of a unit holder in the Fund. Rather, an Indirect Investor directs the IDPS Operator to arrange for their monies to be invested in the Fund on their behalf. The terms and conditions of the IDPS Guide or similar type document will govern an Indirect Investor's investment in relation to the Fund and any rights an Indirect Investor may have in this regard.

Complaints resolution

Equity Trustees has an established complaints handling process and is committed to properly considering and resolving all complaints. If you have a complaint about your investment, please contact us on:

Phone: 1300 133 472
Post: Equity Trustees Limited
GPO Box 2307, Melbourne VIC 3001
Email: compliance@eqt.com.au

We will acknowledge receipt of the complaint within 1 Business Day or as soon as possible after receiving the complaint. We will seek to resolve your complaint as soon as practicable but not more than 30 calendar days after receiving the complaint.

If you are not satisfied with our response to your complaint, you may be able to lodge a complaint with the Australian Financial Complaints Authority ("AFCA").

Contact details are:
Online: www.afca.org.au
Phone: 1800 931 678
Email: info@afca.org.au
Post: GPO Box 3, Melbourne VIC 3001.

The external dispute resolution body is established to assist you in resolving your complaint where you have been unable to do so with us. However, it's important that you contact us first.

9. Other information

Consent

The Investment Manager and Administrator/Custodian have given and, as at the date of this PDS, have not withdrawn:

- their written consent to be named in this PDS as the Investment Manager and Administrator/Custodian of the Fund; and

- their written consent to the inclusion of the statements made about them which are specifically attributed to them, in the form and context in which they appear.

The Investment Manager and Administrator/Custodian have not otherwise been involved in the preparation of this PDS or caused or otherwise authorised the issue of this PDS. None of the Investment Manager or and Administrator/Custodian nor their employees or officers accept any responsibility arising in any way for errors or omissions, other than those statements for which they have provided their written consent to Equity Trustees for inclusion in this PDS.
